

When seconds count, how will you send an SOS?

Get help when you need it most!

SOS Alert works like no other mobile panic button. When activated, it locates you anywhere in the country where there is cell phone reception. SA CAN's dedicated incident management builds a profile for your emergency, notifies your family and motivates emergency service delivery on your behalf to a best possible result. With real SA CAN support, your call for help will never be a message in a bottle!

Shouldn't you be South AfriCAN?

When seconds count...

Can I get excellent policing, medical and other emergency services when I need it?

Yes, SA CAN is a responsible point of contact for the public and all policing and emergency services. SA CAN uses on-the-ground personal relationships to help bring faster, more effective service. SA CAN is the glue that links the public and all emergency resources.

Can I call for help in an emergency anywhere in South Africa and be found?

Yes, SA CAN members have the benefit of a cell-phone panic button with tracking capabilities - **SOS Alert**. Once activated, you are positioned and tracked anywhere in South Africa with cell phone reception. Members who call the **SOS Line** or activate the panic button are given additional support by **SOS ID** - a personal, confidential emergency profile held by SA CAN, including medical details, contacts, vehicle description etc, designed to assist you in an emergency.

Can I get incident updates in my area when they happen?

Yes, SA CAN is a central communication hub gathering and dispersing incident information. **SMS Alerts** are dispersed to communicate up-to-the-moment information to the public in relevant areas.. SA CAN's **free SOS Line** is used for gathering incident information from the community.

Can my neighbourhood or business district become a safer place?

Yes, the growing SA CAN network activates public eyes and ears into crime prevention, while personal operational relationships fostered in policing and emergency services help bring speedy results. SA CAN's products and crime prevention projects like "Workers Against Crime" and "Street Watch" use communication technology and sound strategy, to reduce crime in the area.

Can I help my staff to be part of the solution?

Yes, SA CAN also runs programs in member's areas which embrace the community into real crime prevention. "Workers against Crime" trains employees to participate in crime prevention, in return we offer them Township SOS (a free "Please call me" service) which helps meet their own needs in emergencies. It also functions as a "tip-off" line that is anonymous and free. This builds a credible informant network.

Can I trust someone to handle my situation in an emergency?

Yes, SA CAN is available through the SOS Line 24 hours a day to manage incidents and co-ordinate responses. SA CAN has experienced Duty Manager's to support incidents to a best possible result.

Can I be part of a solution that brings sustainable crime prevention to South Africa?

Yes SA CAN (SA Community Action Network) is a fast growing network of South Africans, powered by technology, empowering them to reduce crime and bring results. The larger the network, the more effective the information flow against crime becomes. SA CAN brings immediate results, building a long term solution
